Firm or Flexible.....

Over the past seven months it has become very obvious due to complications with COVID-19 that if you are a person who needs to know everything to be firm and never changing that you will have become greatly disappointed at one time or another. Your world of terms like firm, black and white, etched in stone or its' always been this way have been replaced with other terms. Some of those terms have included flexible, go with the flow, change or even que sera, sera. What was for a time very predictable has now become less so.

Recently we have been reworking through events here at the school and have in an ongoing fashion needed to be flexible with those activities. Below are some examples:

Sports events- Limits of spectators per game or overall activity.

Spaghetti Dinner- Postponing until a later date possibly late winter or early spring.

Class Basket Auction- Moving to a phone in auction at a set time on Saturday November 21st. (Details to come)

Spelling Bee - Limited audience from student body and outside the school.

Christmas Concert – Still on December 1st but an adjusted format. (Details to come)

Shepherds Shoppe – Still a two-day event at the school but in more of a streamlined fashion.

As you can see there have been a number of adjustments we have been working through. My best guess is more will still be coming in the months ahead. With that said.... praise the Lord we are still having these events and able to enjoy. So, for now as long as we are able to be comfortable with “flexible” and not locked in on “firm” we will still have the joy and blessings that the Lord is giving to us 😊.

God Bless,

Verse of the Week

Therefore, do not worry about tomorrow, for tomorrow will worry about itself. Each day has enough trouble of its own. Matthew 6:34

Worry is a bad thing. It keeps you from sometimes sleeping, eating, or even just enjoying life. That’s why the Bible tells us not to worry about tomorrow. Because if we’re using up all our energy worrying about the next day, we’re not enjoying today. God doesn’t want us going through life bogged down with worry and cares. Instead, He wants us to trust Him that He will take care of things. So today, if you have a bad habit of worrying about things, decide to make a change for good. Decide to stop worrying about things that may or may not happen and enjoy the things God has provided for you today. As you break the habit of worry, you’ll find that you’ll begin enjoying life more each day!
