## Verse of the Week

*"Faith is the confidence that what we hope for will actually happen; it gives us assurance about things we cannot see."* Hebrews 11:1

It can be difficult to live by faith sometimes. It's not always easy to believe things we can't see or feel. As you get to know God more and spend more time reading the Bible, you'll build your faith. When your faith grows, your confidence in God and His ability to do what He promises grows too.
